The help file and the manual were also updated. April 10, 2002: orbital orbital viewer Lanhaded: Option of output added to Digistar Files. October 8, 2001: reorganized the place a little. I also changed a web hosting company, which means that the old address will not work more. April 10, 2001: Orbital Viewer 1.02 Lanhaded: The program now prevents vain censions from being executed, has a progress bar by compressing Avis and has two small bugs. In addition, there are some changes in the installation program. July 10, 2000: Finally published the examples of the manual. April 11, 1998: Orbital Viewer 1.01 Lanhado: Two minor corrections. Updated ov.pdf: corrected smaller digitization. 1 of Baby 1998: orbital Viewer 1.00 launch. Ov.pdf posted for the first time. Return to the athage orbitals or the site map.
